See the "Designer Collection Tubs Installation & Operation Manual" included with tub delivery or go to: mtibaths.com/support/installation for all the information necessary to install and operate the tub.

MTI's Customer Service Department is available Monday-Friday 8am-6pm EST at 800-783-8827 or service@mtibaths.com to answer any questions pertaining to ordering or installation.

IMPORTANT ORDERING & INSTALLATION INFORMATION:

- This tub comes standard without an access panel. Installation of the direct connect toe tap drain allows for alignment of tub drain directly above the drain pipe rough-in. Heights may vary between tub models with integrated overflow. Always measure distance from the finished floor to the underside of the drain before trimming drain pipe in floor.
- Air baths require job site preparations for remote mounting the blower and required check valve. Check valve must be installed higher than the rim of the tub. The keypad is shipped loose and may be mounted on a nearby wall or decking.
- Before ordering or installing, please consider future access to equipment.
- Radiance placed on floor locations will affect placement of air jets.
- Specifications and configurations are subject to change without notice.
- Measurements are $\pm 1/2$ " and are subject to change without notice.
- Measurements herein supersede all others published prior to publication date shown below.
