← **Bronze Mettle** // Sporting a graceful arch reminiscent of a miniature moon, the Lunette Bronze Vessel totally eclipses other sink designs of its kind. Conceived of by Santa Fe artist David Hoptman, the artfully styled basin boasts a textured surfaced that gives rise to its sculptural silhouette and ethereal aesthetic. How's that for beauty that beams! Stone Forest, www.stoneforest.com.

↑ **Elegance Meets Edge** // The new trough-style Petra Double Sink by MTI Whirlpools blends a stylishly spare motif with the resiliency of solid-surface construction. Nonporous and naturally stain-resistant, the molded-stone exterior wipes sparkling clean in seconds. Available in one-piece construction, white or biscuit, and matte or gloss finish, the Petra can install vessel-style atop a vanity or as a semi-recessed version, as shown here. ← **Liquid Assets** // For a top-rate tap that flows with flexibility, the Cono basin and vanity combination is the hands-down winner. Shown here as a wall-hung double vanity in Teak, the CLO Collection is available in a wealth of finishes, colors, and supporting vanity options. Among its many benefits include the ability to position handles on the right or left, optional chrome towel holders, and a two-drawer side cabinet. Hastings Tile & Bath, www.hastingstilebath.com.
